Anyway we can cut the list of staff down a bit? This is a much larger group than we would normally have. Was thinking Joel, Greg, Stacey M and maybe one other? As a side note I don't

Nichole's list tracks with the subject list from which we developed fact sheets. Maybe add a catch-all "other ag related water issues?"

Participants: Joel, Greg, Chris Orvin, Andrew S., Betsy S., Peter, Benita B-W, Stacey M.. and John G. Each of our program offices has the lead on issues covered by the fact sheets.

Hi, Nichole. I have a longstanding meeting at the Pentagon that goes 2:30 – 3:30 for that day. I'd rather not change this if possible and would probably get back around 4, so perhaps we could take the later start time and Greg and others could get started. Does that work?

Greg, can you help identify the appropriate set of people for these (and any other priority subjects we should consider prioritizing)?

Joel

The Administrator's Ag hearing is coming up on Jan 26th.

We have time set aside with her for OW to run through the list of fact sheets (list below) you all have prepared for her. Ideally you and whoever you would like to join you would be available from 3:45-4:30 on Jan 19th. Alternatively I could flip the times and give you 3:00-3:45. Which

would work best for you?

Also, I need to know who you would like to include.
